Training. We have been commissioned as designers as part of the HE Framework and would welcome your feedback on the following please: - - We have staff in both the UK and the ROI who may be attending sites. Do ALL staff have to receive the HE Passport Training or is there any recognition of "Visitor" status? - Is there a minimum requirement for existing Safety training, i.e. CSCS, noting that the ROI would normally be in possession of a SafePass card? - Depending on numbers, would you be able to do a bespoke training course or are we limited by the dates on your web site? Equally could the training take place at a location in the ROI if required? I'd be grateful if you could provide me with some further information and advise on costs, timing etc? Please contact me to discuss further if required?
